GAY SPEAKERS' BUREAU
PROPOSED BY-LAWS (30 July 1977)

Name:

The name of this organization shall be: Public Education Service, Incorporated.
It may, to identify its services and functions more clearly, do business under the name: Gay Speakers' Bureau.

Purposes:

The purposes of this organization shall be:

1. To educate gay people, teachers, people in public service organizations, and the public in general about the nature of homosexuality;
2. To encourage public discussion of the moral, social, and legal issues involving gay people and their role in society;
3. To arrange for speaking engagements at which members of the Corporation can speak with interested groups.

Membership:

1. The members of this Corporation shall be all those people who participate in the program of the Corporation.
2. The Coördinator shall maintain a list of current members.
3. The list of members shall be only for use of the Corporation and shall not be used for any other purpose.
4. There shall be only one class of members.

Officers:

1. The Corporation shall be governed by its members and administered by a President, a Coördinator, and a Secretary-Treasurer.
2. The President shall chair meetings of the Corporation and of the Steering Committee.
3. The Coördinator shall be responsible for arranging all speaking engagements and for conducting the day to day operations of the Gay Speakers' Bureau.
4. The Secretary-Treasurer shall keep a record of the meetings of the Corporation and shall be responsible for the receipt and disbursement of funds.
5. The officers may make such arrangements as become necessary to carry on their duties in case of their temporary absence.
6. The term of office of the President and of the Secretary-Treasurer shall be one Year. The term of office of the Coördinator shall be two months.

Steering Committee:

1. The Steering Committee shall consist of the officers of the Corporation and of such other members of the Corporation willing to serve on the Committee who have been elected by the members of the Corporation.
2. The Steering Committee shall determine the policies of the Gay Speakers' Bureau, set the time and place of all meetings of the Corporation, and determine the salaries, if any, of the officers. Major policy decisions and salary levels shall be submitted for ratification to the membership at the next meeting.
3. The Steering Committee shall set its own rules of procedure.

Other Committees:

1. Other committees may be formed by the Corporation or by the Steering Committee for such needs as may from time to time arise.
2. Members of committees must be members of the Corporation.
3. Committees shall set their own rules of procedure.

Meetings:

1. The Corporation shall hold meetings on 14 September, 1977, and annually thereafter, at a date to be determined by the Steering Committee.
2. The members may appoint other times during the year for regular meetings of the Corporation, and the Steering Committee may from time to time call special meetings as the need arises.

3. Items may be placed on the agenda of any meeting upon request by any member at the beginning of a meeting.
4. A quorum for conducting business shall be any ten members of the Corporation, or two thirds of the members, whichever is fewer.
5. Meetings of the Corporation shall be conducted according to the latest edition of Robert's Rules of Order.
6. Members shall be notified in writing of the time, place, and purpose of any meeting at least three weeks prior to the meeting.

Election and Recall of Officers:

1. At the annual meeting the members shall elect a President and a Secretary-Treasurer. They shall also elect several members each of whom shall serve at least one term as Coördinator during the next year.
2. Nominations for officers may be offered at any time before the elections.
3. Officers shall be elected by a majority of the members present and voting.
4. In case of a vacancy in any office the steering committee shall appoint a replacement for the remainder of the term, subject to the approval of the membership at the next meeting.
5. If an officer fails, in the opinion of some members, to perform satisfactorily the duties of the office they may move to recall the officer. The intent to bring such a motion must be included in the call to any meeting in which the motion is to be voted on. A motion to recall shall pass only if approved by two thirds of those present and voting.

Policy:

1. The Gay Speakers' Bureau does not advocate any opinions or acts; it serves only to provide information and to encourage discussion.
2. The Coördinator shall try to obtain fees for any speaking engagement arranged by the Bureau.
3. Fees from speaking engagements should be used to defray the the travel and other necessary expenses of the speakers. Any remainder shall be divided between the speaker and the Corporation, with no less than one quarter for the Corporation, the exact proportion to be fixed by the Steering Committee.
4. The Corporation may prepare informative pamphlets or brochures and sell these at a price to cover expenses and overhead; it shall not offer for sale at a profit any commercial materials.
5. The Corporation may from time to time solicit funds from Charitable Foundations or from the general public to cover expenses, salaries (if any), and overhead.
6. The Corporation shall not engage in activities to influence legislation nor participate in campaigns for or against candidates for public office.

Dissolution:

1. If, in the opinion of some members, the Corporation can no longer usefully fulfill its purposes, they may move to dissolve it. The intent to bring such a motion must be included in the call to any meeting in which the motion is to be discussed. No vote on the motion shall be taken at the meeting in which it is introduced. The motion shall pass only if approved by a majority of the current members of the Corporation.
2. If the members have voted to dissolve the Corporation the President shall petition the Supreme Judicial Court of Massachusetts to dissolve the Corporation in accordance with the appropriate State and Federal Laws, viz. The General Laws of Massachusetts Chapter 180, Section 11 (or the corresponding provision of future laws), and Section 501(c)(3) of the Internal Revenue Code of 1954 (or the corresponding provision of any future codes).

Hello!

The reason you have not heard from us in a long time is that there has been very little reason to communicate. There have been very few speaking engagements, so there has been little need for speakers, and that's why we haven't called most of you. Our publicity and PTA committees have been doing what they can, but most of the really useful things cost money, which we don't have.

Lately, however, things have begun to turn around a bit. Calls have been coming in, and some of them have led to speaking engagements. A few radio stations have begun to air our Public Service Announcements (giving our name, phone, &c.), which should bring in a few more calls. And we're also trying for other free bits of publicity, perhaps a press release or two, and such. If you have some ideas, please let us or the publicity committee know them.

All these things promise a more active future. Which brings us to the main reason for this mailing: our scheduler wants to update his files so that he will know whom and when to call.

Please fill out the form below and return it to us. If we have not heard from you by 1 April we will assume that you are no longer interested in the Speakers Bureau. We will be happy to keep you informed of our activities even if you do not wish to be involved in them at this time; just check the "mailing list only" box (or blank).

If we argue normalcy, who is to say what is normal? As far as is known, homosexual behavior is and has been present in all human societies and in most species of mammals as well. In fact, it seems that the fraction of homosexuals in America today is about the same as that of left handed people in societies that repress sinistrality. In both cases, large fractions of the minority function as well and as normally as any other members of the society. The repression of an important part of the personality is likely to leave scars; the existence of scarred homosexuals no more indicates their abnormality than does the existence of left handed bed-wetters.

Among the dreadful consequences Mr Will sees following the passage of gay rights ordinances are such things as homosexual marriages, gay foster parents, and the discussion of homosexuality in schools. I had thought that the "would you want your daughter to marry one" argument was dead, but here we see it resurrected with the codicil "or be adopted by one." Surely there are other, more efficient ways of ensuring proper foster homes for children than to pass laws making certain forms of sexual behavior illegal and empowering employers to discriminate against people suspected of engaging in proscribed sexual activity. Surely no great disasters will follow if two people of the same sex - who would probably live together in any case - submit themselves to the same sort of legally binding obligations as are available to heterosexual couples. And surely every child must be as fully and honestly informed about its sexuality as possible, just as it must be fully and honestly informed about other important matters in its life. Too often have we seen ideas and knowledge suppressed because they are "dangerous," as if the "right" ideas could not stand up to examination or would suffer by comparison. I hope, for the sake of the propagation of the species, that heterosexuality is not such an idea, that it will for most people stand up to examination and to confrontation with other forms of sexual expression. I think it will, for even in mediaeval Europe, when celibacy was considered the morally highest form of sexuality, most people remained prosaically heterosexual. On the other hand, if heterosexuality does not stand up to examination, if it cannot safely come out of the closet, where is Mr Will's "Moral Normality" then?

Mr Will is right, there is a riptide washing through our society's moral moorings. But what is being swept away is not the moral foundations of the society but the leeches and barnacles that have encrusted them. We will be liberated from mere conventions, but if a convention is found to be based on the ideas of freedom, love, and justice, and on a respect for people and for truth, then it shall remain.

Dear People

It seems that in the aftermath of the Miami referendum vote we will have to think a lot about the nature and origins of the homophobic sentiments expressed by Dade County's voters. Not all of them share Ms Bryant's selective Biblical Fundamentalism, but many of them found at least some of her appeals convincing. Witness, for example, George Will's column in Newsweek for 30 May, 1977, which concludes by saying that

...many people want a few rocks to cling to in the riptide that washes away old moral moorings. Opposition to Miami's ordinance is a way of saying "Enough!" And it is eminently defensible.

Mr Will's argument defending that "Enough!" is specious in many places, and since it seems to represent a broad current in contemporary thought about Gay Liberation it deserves a detailed answer.

In spite of frequent protestations to the contrary, Mr Will consistently confuses the moral with the normal. He calls laws like Miami's "part of the moral disarmament of society" and argues that they repudiate "the doctrine of natural right on which Western society rests;" according to this doctrine, "some ways of living are right because of the nature of man." But Mr Will's views about the nature of Man seem to be determined by what he feels is normal. Perhaps it has not been said often enough that what is cannot determine what ought to be: there is no logical connection between the real and the ideal, between the normal and the moral.

If we argue morality, whose morals are to be imposed? Surely our society is too pluralistic to permit the imposition of any moral code other than the most fundamentally necessary. A restriction on private consensual behavior that has no direct effect on society is certainly not necessary for a moral society. Nor is it necessary to sanction discrimination in employment based on suspicions about such behavior (after all, no one is - or can be - proven homosexual before being fired). One might also point out that the one form of sex that is sanctioned by most laws and religious beliefs, i.e. sex for procreation, is, in fact, just about the only form of sex that does have social implications. Every baby that is born draws on the resources of the entire society - even those members who remain childless - by placing demands on schools, sewers, recreational facilities, etc. that the parents' taxes and other contributions alone cannot meet. A society such as ours then has strong practical reasons for regulating procreative sex. But it has no moral reasons for regulating any other form of sex among consenting adults.

BACKGROUND Summaries of gay rights bills in the Mass. Legislature

House Bill 3677 -- General Discrimination

This bill makes discrimination on the basis of sexual preference illegal in employment, housing, labor unions, leasing commercial space, mortgages, bonding, credit, insurance and public accommodations. Exempt from this law would be: employers of fewer than six persons, non-profit social clubs, and housing units containing fewer than three families. The bill would amend Chapter 151B and Chapter 272, Section 92A and 98 of the General Laws of Massachusetts which presently forbid discrimination in the above areas on the basis of race, color, creed, national origin, sex, age or ancestry.

House Bill 3676 -- Discrimination in Public Employment

This bill makes discrimination on the basis of sexual preference illegal in State Civil Service employment. Discharge from public employment, refusal to hire or employ, and deprivation of privileges and conditions, would have to be based on a bona fide occupational qualification.

GAY RIGHTS NATIONAL LOBBY
110 Maryland Ave., N.E., Suite 210, Washington, D.C. 20002

"The Gay Rights National Lobby, Inc., is a civil rights organization with the single goal of establishing and maintaining a lobbying effort to achieve federal legislation ensuring to all homosexual American women and men full and equal opportunity and protection under the law. As such G.R.N.L. is committed to building a broadly based national membership responsive to the needs of all Americans."

G.R.N.L. is a separate and independent organization, not affiliated with, but supported by and supportive of, other national gay organizations and efforts. For example, the National Gay Task Force assisted in the transitional period from the establishment of the Interim Board of Directors to the establishment of the permanent Board by offering their services in carrying out the impartial and independent election of the Board with the assistance of the American Arbitration Company. The Universal Fellowship of Metropolitan Community Churches offered to share office space in their headquarters near the Capitol in Washington, D.C. These, and other organizations, by such actions, have indicated their enthusiasm for the establishment of a specially directed lobbying effort.

In order to establish the Lobby, the 30 member Board of Directors, elected by the membership of G.R.N.L., met in December, 1976 to set up a working structure for the organization. The Board consists of 15 women and 15 men from various parts of the country. They elected five of their members to serve as officers: two co-chairs, a secretary, a treasurer, and an at-large member. This Executive Committee will carry out the duties, responsibilities and powers of the Board in between Board meetings, with ratification of certain decisions by the full Board. Each officer is responsible for various parts of the administrative work and committees of the organization.

The co-chairs serve ex-officio on all committees. The secretary serves as chair of the Media Committee. The Treasurer is chair of the Finance Committee and a member of the Fundraising Committee, and the At-large member is chair of the Membership Development Committee and co-ordinator and facilitator for the Regional Advisory Boards.

The Regional Advisory Boards are the key link in the organizational structure and the essential grass roots effort of G.R.N.L. They will be established in each region of the country and consist, like the Board, of equal representation of women and men, with two Board members of the region and approximately eight members of G.R.N.L. not on the Board. Every effort will be made to include the broadest possible representation of race, ethnic, and economic groups of the region. These advisory boards will, communicate with the Board of Directors the concerns of the people in their regions, coordinate G.R.N.L. relations with other local gay organizations, help build G.R.N.L. membership and funds, and, eventually, coordinate the political activity in their regions, suggesting to the Board the means most appropriate to their particular area for all of these actions.

With the fine background and foundation laid by the lobbying efforts done by other groups, as they were able to accomplish such in the past, G.R.N.L. firmly believes that a series of gay rights legislation can be passed in 5 to 8 years. The support of each and every constituent, however, is essential. G.R.N.L. needs the participation of every concerned citizen. With your assistance, G.R.N.L. simply cannot fail. Please join us - every member is important in the political process - and we will see gay rights federal legislation passed in 5 to 8 years.

Linda Lachman, Secretary, Board of Directors, G.R.N.L.

Dear GSB Member,

Enclosed is a flier describing two upcoming "briefing" sessions which may interest you.

I am expecting a number of speaking engagements as a result of the publicity generated by the gay rights ordinance in Dade County, Florida, and its opposition by Anita Bryant's "Save Our Children from Homosexuality, Inc." In addition, we all know that questions about the status of state and federal gay rights legislation occur with great regularity.

If these sessions are popular, we may have future ones on other topics -- for example: the religious attitudes toward homosexuality; psychological studies relating to homosexuality; speaking techniques workshop (role playing, etc); homosexuality in literature; gay people and the police; and so on. If you can volunteer to conduct one or more of these sessions (or suggest more), then they are more likely to actually happen.

Also enclosed is an information sheet about GRNL (Gay Rights National Lobby), a copy of the newly revised GSB Bibliography (lovingly prepared by Rick Stromer and other GSB members), and perhaps other bits and pieces of printed matter I find at the last minute.

Hope to see you all at one of the sessions.

Sincerely,

David Peterson
Co-ordinator, etc.

FLASH!

IMPORTANT CHANGE

The meeting time has been changed from 8 pm to 7 pm. This time change will allow us to watch Channel 4's coverage of the gay community:

on the 5:30 news, there will be one of a series of segments focusing on the gay community

at 9 pm, "Action 4" will look at *homosexuality*
~~the children of gay parents~~ among *teenagers*

at 9:30 pm, "Mzizi/Roots" will look at being Black and Gay. *the elderly*

We will meet from 7 to 9 and then break to watch the shows. Again, if the weather is nice, come early-- 5:30--and we will watch the news in the Garden (*bring a sandwich*).

**GAY
SPEAKERS
BUREAU**

You are invited
to have a
friendly, open
conversation . . .
with people
from the
Gay Speakers
Bureau.

Homosexuals constitute 5 to 10 percent of the total adult population in this country. Contrary to popular beliefs, gay people cannot be identified by physical appearance, clothing or behavior. Gay women and men exist throughout this society, in every area of employment, at every economic level. Most people — including yourself — have friends or relatives who are homosexual. Yet most people know little about homosexuality.

Would you be interested in talking with gay men and women about their lifestyles?

OUR PURPOSE

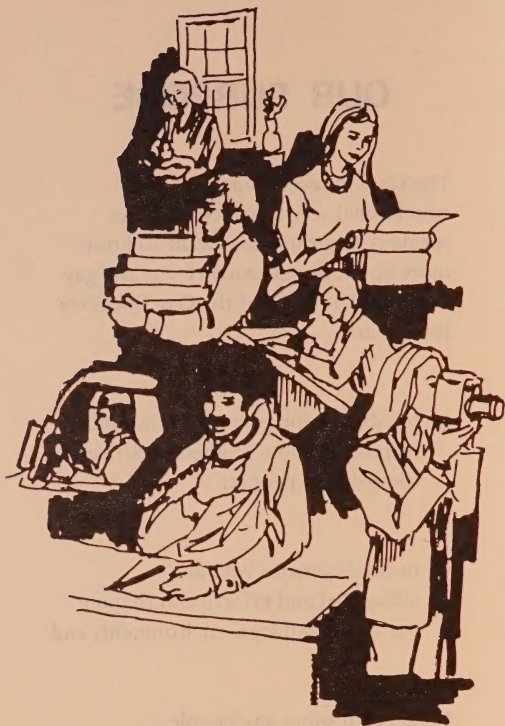

The Gay Speakers Bureau is an educational service which provides speakers to groups that want to know more about homosexuality and the gay lifestyle. The goals of the Gay Speakers Bureau are:

- to educate the general public and help bring about changes in attitudes towards gay people;
- to reach persons who are influential and effective in shaping our social and legal environment; and
- to reach other gay people, especially those just starting to “come out” and acknowledge their homosexuality.

“All kinds of people happen to be this way, and there’s really nothing wrong with being gay.”

folksinger Steven Grossman

WHO WE ARE

The people sent by the Gay Speakers Bureau are homosexual women and men from all walks of life. In the past, most discussions about homosexuality were conducted by heterosexual "experts" trying to prove one thing or another about our lives. The Gay Speakers Bureau believes that homosexuals are the best authorities on what it is like to be a homosexual. The speakers are honest in discussing their lives. We ask only that you listen fairly and openly to what they say.

WHAT WE TALK ABOUT

The discussions by members of the Gay Speakers Bureau are friendly and freeform. Generally, speakers offer short, personal statements about themselves and their lives. They share experiences, instances of prejudice and knowledge of how they grew to understand and accept their homosexuality as an important, proud part of their lives. Audience participation is encouraged. Everyone has questions about homosexuality. You are invited to ask these questions, no matter what they are. The speakers are knowledgeable of the prevailing religious, legal, social and psychological views of homosexuality and will discuss them openly. Workshops on specific topics can be arranged.

“Ten years ago gay speakers would not have been asked to speak here . . . it simply would not have happened.”

The Gay Speakers Bureau has addressed schools, churches, synagogues, social, police and medical organizations. Isn't it time we had a chance to talk with your group or organization?

Dear GSB member,

There will be a general meeting of the Gay Speakers Bureau on Wednesday, July 27 at 8 pm in David Peterson's Parlor, at 48 Magazine St (near Central Square), Cambridge. This meeting has been called to focus on four important items:

- 1) BYLAWS & STRUCTURE: We are beginning the process of incorporating as a nonprofit, educational organization, so we must become more structured than in the past. Tom Vonfoerster has drafted a proposed set of bylaws, to be discussed at the meeting.
- 2) SETTING UP SPEAKING ENGAGEMENTS: David Peterson has tendered his resignation as speaking engagement setter-upper, effective August 31 (or sooner, if possible). We have to find someone(s) to take over this task. It has been suggested that this work might be done on a regularly rotating basis among several people.
- 3) DISCUSSION OF GOALS FOR THE COMING YEAR: A newly formed "PTA Committee" has been meeting and developing a special outreach program to parent and teacher groups. This project will be described, and the floor will be open to other suggested foci upon which to concentrate this fall.
- 4) FINANCES: GSB is getting fewer "paid" speaking engagements, percentagewise, while the potential for doing more "free" public education is expanding, due to Anita Bryant's publicity campaign for us. It appears that we cannot continue to operate on the 20% GSB overhead received on "paid" SE's. One proposed solution is to do some overt fundraising. Another is to increase the 20% to a larger percentage (such as 50% or 100%). Bring your suggestions.

It is urgent that all GSB'ers interested in the future of the Bureau attend this meeting, as certain key problems must be resolved before the autumn. Besides, there will be refreshments (there will be more refreshments if you bring some yourself). If you need directions to 48 Magazine St (or if you have other questions), call 354-0133 (10 am to midnight).

Sincerely,

The Committee
The Committee

PS- if the weather is nice, come as early as 7 pm and we'll socialize in the Garden (entrance  to the right of 48 Magazine) before the meeting.

Dear Massachusetts Legislator:

This is the fourth consecutive year that various gay rights bills have been presented to the Legislature for action.

What we are attempting to accomplish with this legislation is the elimination of unfair discrimination against individuals by existing statutes and public policies. House bill 2422 would amend the charter of the Massachusetts Commission Against Discrimination to accomplish some of this goal. House bill 2541 would help to end discrimination in public employment. The right to privacy of all individuals, heterosexual or homosexual, is the issue addressed by House bill 2501.

We are not attempting to reach untried goals. To date, over thirty jurisdictions in the United States have adopted some form of anti-discrimination protections for gay people. The U.S. Civil Service Commission last year issued new guidelines protecting nearly three million federal jobs from anti-gay discrimination. And since 1961, thirteen other states have repealed their laws regulating private sexual conduct between consenting adults, five of them during 1975 alone.

In the end, we recognize that many of you will base your judgments on other than objective criteria. We ask you to listen to our case, review the following background information, and consider our legislation favorably. We trust that the proper conclusion will be reached. Please contact us should you desire further information concerning anything contained in this booklet.

Sincerely,

GAY RIGHTS BILLS BEFORE THE MASSACHUSETTS LEGISLATURE, 1976

SUMMARY:

II 2422 MAKING IT UNLAWFUL TO DISCRIMINATE ON THE BASIS OF SEXUAL PREFERENCE. This bill prohibits discrimination on the basis of sexual preference in employment, housing, labor unions, leasing commercial space, mortgages, credit, insurance, and public accommodations. The bill would amend Chapter 151B and Chapter 272 Sections 92A and 98 of the General Laws of Massachusetts, which presently forbid discrimination in the above areas on the basis of race, color, creed, national origin, sex, age, or ancestry.

THE ACTUAL BILL:

HOUSE.....No. 2422

By Ms. Noble of Boston, petition of Elaine Noble and other members of the House and others for legislation to prohibit discrimination on the basis of sexual preference. Commerce and Labor.

The Commonwealth of Massachusetts
In the Year One Thousand Nine Hundred and Seventy-Six.

AN ACT MAKING IT UNLAWFUL TO DISCRIMINATE ON THE BASIS OF SEXUAL PREFERENCE.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Section 3 of Chapter 151B of the General Laws as most recently amended by Chapter 923 of the acts of 1971 is hereby amended as follows:

(a) Subsection 6 is hereby amended by the insertion of the words "sexual preference" after the word "sex" and before the word "age" in the first sentence of said subsection 6.

(b) Subsection 8 is hereby amended by the insertion of the words "sexual preference" after the word "sex" and before the word "age" in the first sentence of said subsection 8.

(c) Subsection 9 is hereby amended by the insertion of the words "sexual preference" after the word "sex" and before the word "age" in the first sentence of said subsection 9.

SUMMARY:

H.2541 TO PROHIBIT DISCRIMINATION IN PUBLIC EMPLOYMENT. This bill would prohibit discrimination in state civil service employment on the basis of sexual preference.

THE ACTUAL BILL:

HOUSE.....No. 2541

By Mr. Landry of Waltham, petition of Richard E. Landry and other members of the House and others for legislation to prohibit discrimination in public employment. Public Service.

The Commonwealth of Massachusetts
In the Year One Thousand Nine Hundred and Seventy-Six.

AN ACT PROHIBITING DISCRIMINATION IN PUBLIC EMPLOYMENT

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

Chapter 31 of the General Laws is hereby amended by inserting after section 7 the following:—

SECTION 7A. For the purposes of this chapter and the rules made thereunder, it shall be an unlawful practice, because of the sexual preference of any individual, to refuse to hire or employ or to bar or to discharge from employment such individual or to discriminate against such individual in compensation or in terms, conditions or privileges of employment, unless based upon a bona fide occupational qualification.

SUMMARY:

H.2501 TO REPEAL PROHIBITIONS AGAINST CERTAIN SEXUAL ACTS. This bill would repeal Chapter 272 Sections 16, 18, 34, 35, which prohibit lascivious cohabitation, open and gross lewdness; fornication; crime against nature and unnatural and lascivious acts and possibly other acts respectively. These involve acts between consenting adults in private. Acts between non-consenting persons or between an adult and a child under 16 are covered by the new rape law of 1974 (H.6281 of that year, amending Chapter 265) and by Chapter 272 Section 53 ("indecent exposure"). This bill would protect all consenting adults in private, whether they were homosexual or heterosexual, with the exception of the adultery law.

THE ACTUAL BILL:**HOUSE.....No. 2501**

By Ms. Noble of Boston, petition of Elaine Noble and other members of the House and others for legislation to repeal prohibitions against certain sexual acts. The Judiciary.

The Commonwealth of Massachusetts
In the Year One Thousand Nine Hundred and Seventy-Six.

AN ACT TO REPEAL PROHIBITIONS AGAINST CERTAIN SEXUAL ACTS.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Chapter 272 of the General Laws is hereby amended by the deletion of section 16 of said chapter.

SECTION 2. Chapter 272 of the General Laws is hereby amended by the deletion of section 18 of said chapter.

SECTION 3. Chapter 272 of the General Laws is hereby amended by the deletion of section 34 of said chapter.

SECTION 4. Chapter 272 of the General Laws is hereby amended by the deletion of section 35 of said chapter.

MASSACHUSETTS COMMUNITY ENDORSEMENTS:

HUMAN RELATIONS COMMISSION Framingham, Massachusetts 01701

Dear Representative Noble:

September 16, 1975

On September 14, 1975 the Framingham Human Relations Commission voted unanimously to endorse bills now before the Legislature which would make it unlawful to discriminate on the basis of sexual orientation (House Bill No. 2848). At the same time the Commission authorized its executive assistant to take appropriate steps, including testimony before legislative committees, to inform the members of the Legislature of its concern in this area.

We would appreciate it, therefore, if you would keep this office informed of the progress of these bills. We look forward to working with you on this urgent matter.

Very truly yours,

John K. Gaffney
Executive Assistant

Board of Selectmen
Town of Provincetown
Massachusetts 02657

February 26, 1975

Senator Chester Atkins
Chairman, Public Service Committee
Massachusetts State Senate
State House
Boston, Massachusetts 02133

Dear Senator Atkins:

The Provincetown Board of Selectmen has voted to support passage of the above-numbered bills, the so-called gay rights legislation. The Board believes that this is basic civil rights legislation, that it is as appropriate as earlier legislation to protect people from racial or sexual discrimination, and that it is long overdue.

In Provincetown, there are many men and women who hold responsible and respected positions in business, local politics and Town government, who happen to be homosexual. These people have made substantial contributions to our community, and our Town would be the poorer in every way without them. At the same time, I can say that there are men and women here who do not contribute much to the well-being of the Town, who also happen to be homosexual. And of course, the same can be said of heterosexuals in our community. The point is that there is nothing about a person's sexual orientation per se that makes him or her more or less able to work with and within a community. By extension, there is nothing intrinsic to homosexuality to justify discrimination.

In our experience, the fears and stigma often attached to a "straight" person's perception of homosexuality are without foundation, and we would be remiss if we did not call this to your attention through support of these bills. Again, we urge a favorable committee report on this legislation, and its eventual passage. It is only right.

Respectfully yours,

Carl R. Cummings
Clerk of the Board

U.S. Civil Service Commission
Civil Service News
Room 5354, 1900 E. St., N.W.
Washington, D.C. 20415

Advance for Thursday afternoon newspapers,
July 3, 1975

"The Civil Service Commission has issued new guidelines for evaluating the suitability of individuals for Federal employment.

"A significant change from past policy — resulting from court decisions and injunction — provides for applying the same standard in evaluation sexual conduct, whether heterosexual or homosexual.

" 'Court decisions require that persons not be disqualified from Federal employment solely on the basis of homosexual conduct,' the guidelines point out. 'The Commission and agencies have been enjoined not to find a person unsuitable for Federal employment solely because that person is a homosexual or has engaged in homosexual acts.' "

Honorable Michael J. Harrington
U.S. House of Representatives
Washington, D.C. 20515

Dear Congressman Harrington:

This is in response to your letter of January 16, 1976, addressed to then Secretary Dunlop concerning the Job Corps Health Program Manual Technical Supplement entitled "Sexual Deviation" (TS-J, revised July 31, 1972).

We are discontinuing use of the TS-J 1972 revision as a guide for Job Corps centers, and will issue temporary guidelines, pending the issuance of a new TS-J, retitled "Sexuality."

The essence of the present policy of Job Corps is, as you state in your letter, that homosexual and heterosexual staff and corpsmembers will be treated alike.

Sincerely,

Pierce A. Quinlan

SHAPP ISSUES ANTIDISCRIMINATION ORDER

Governor Milton J. Shapp has issued an executive order expanding the commitment of his administration towards equal rights.

Executive Order 1975-5 commits the administration "towards ending discrimination against persons solely because of their affectional or sexual preference."

The order names Shapp aide Terry Dellmuth and Justice department community advocate unit Director Barry Kohn of Philadelphia as monitors of the effort. They are charged with working with state agencies and private groups in the matter.

Executive Order

Expansion of the Commitment Toward Equal Rights

In furtherance of my commitment to provide leadership in the effort to obtain equal rights for all persons in Pennsylvania, I am committing this administration to work towards ending discrimination against persons solely because of their affectional or sexual preference.

Terry Dellmuth, my Special Assistant for Human Services, and Barry Kohn, Director, Community Advocate Unit, Pennsylvania Department of Justice, are hereby assigned to review and monitor this effort. They will work with state agencies and private groups to further define the problem and make recommendations for further action.

State departments and agencies are instructed to fully cooperate with them in the effort to end this type of discrimination.

ASSURANCE

SACRAMENTO — The state of California Insurance Commission has issued regulations which ban discrimination on the basis of sex, marital status, or sexual orientation. The rule, which went into effect on Jan. 1, covers all kinds of insurance policies and applies to all insurance carriers in the state.

St. Cloud, MN.

Advocate, Jan. 28, 1976

SURVEY

A recent sample poll conducted for the *St. Cloud Times* shows that 53 percent of the community favors a city ordinance that would protect gay people from discrimination in housing and employment. Thirty percent of the respondents opposed the measure and 17 percent had no opinion. This community of about 34,000 is about 65 miles north of Minneapolis.

The St. Cloud Human Rights Commission is expected to propose a similar ordinance in the next few months. It must be approved by the city council.

CORPORATE POLICY:

Corporate Employment Gains Registered by the National Gay Task Force and the *Advocate*, a Gay Newspaper.

National Gay Task Force, 80 Fifth Ave., N.Y., N.Y.

Advocate, 2121 S. El Camino Real, San Mateo, CA.

Several major corporations representing a total employment of well over 1.1 million persons have clearly stated a public policy of non-discrimination in hiring or advancement based on affectional or sexual orientation. A complete list to date is as follows:

1. American Airlines
2. American Broadcasting Company (ABC)
3. American Telephone and Telegraph (AT&T)
4. Bank Of America
5. Columbia Broadcasting System (CBS)
6. Eastern Airlines
7. International Business Machine Corporation (IBM)
8. MacDonald's Hamburgers
9. McGraw-Hill Corporation
10. National Broadcasting System (NBC)
11. Proctor and Gamble
12. Saint Vicent's Hospital, New York
13. United States Civil Service Commission
14. Avon
15. Citicorp
16. Minneapolis Honeywell
17. Knight Newspapers

"Typical of these affirmative statements was the policy cited by Mr. John D. de Butts, Board Chairman of AT&T:

'The American Telephone and Telegraph Company's publicly enunciated policy barring discrimination against homosexuals in hiring and employment is as follows: An individual's sexual preferences are not criteria either for becoming an employee or remaining an employee of the Bell System. Job retention and promotability are based upon demonstrable job performance and behavior. An individual's sexual tendencies or preferences are strictly personal and information about these matters should not be sought out by company personnel.' "

National Gay Task Force News Release, March 21, 1975

A stronger than average statement is as follows:

"The National Broadcasting Company, Inc. (NBC), licensee of WNBC-TV, adheres to a firm equal opportunity employment policy. Recruitment, selection, training, assignment, salary, promotion, transfer and discipline of all applicants and employees is done without regard to race, color, sex, religion, sexual preference, national origin or age. Incorporated into NBC's equal opportunity employment policy is affirmative action taken to further develop and utilize the potential and talent of qualified and qualifiable minorities and females for employment."

Media Director, National Gay
Task Force, January 31, 1975)

THE PROBLEM, DISCRIMINATION

Some people try to tell us there is no discrimination against gay people. Then why has the existence of discrimination convinced some 32 cities and counties to pass anti-discrimination laws protecting gay people in the last four years?

The instances of discrimination documented in this section occurred in all parts of the United States, including the Commonwealth of Massachusetts. These cases give an indication of the variety and kinds of difficulties experienced by gay men and women.

Dates after cases refer to the issue of the *Advocate*, 2121 South El Camino Real, Suite 307, San Mateo, CA, in which news of the case was published. The *Advocate* is a national newspaper specializing in news particularly relevant to gay people. Undated cases in Massachusetts come from Gay Legislation '76 files.

MAN DENIED APARTMENT. Statement by William S. Pike, Haverhill, MA., March 3, 1975.

In August of 1972, I attempted to rent an apartment, 2 (two) bedroom type, from the George L. Smith Realty Agency of Haverhill, Massachusetts.

I spoke to Mr. Smith on the telephone after one of his agents had shown me the apartment. His attitude suddenly changed when I said that I would be sharing the apartment with a male. He refused to rent me the apartment, stating that it was his "policy" not to rent to two single males.

In August of 1972, I attempted to rent a one (1) bedroom type apartment from the Garden City Realty Company of Framingham, Massachusetts. This apartment was located at the Lord Phillips Apartments 2100 block, Phillips Road, New Bedford, Massachusetts. My potential roommate, a male, was with me at the time of the inquiry. A Mrs. Blanche Holden, who showed us around, stated that she would not rent a one bedroom apartment to either two males or two females.

In July of 1973, I attempted to rent a three (3) bedroom type apartment in a private residence, also with one male roommate. We were accepted, and began moving things in. However, we were then told that we could not live there, as she (the landlady) had spoken to the management of the Lord Phillips Apartments, Mr. and Mrs. Holden, and she (the

landlady did not want two men sleeping in the same bed in her house. Where she got that idea is beyond me. I do not remember this lady's name, or address, although the house was located in New Bedford, Massachusetts.

GAY MAN FIRED FROM CHALLENGE PROGRAM

Letter to Randolph Godfrey from William L. Wimberly, June 23, 1975. William L. Wimberly is the Associate General Director of the Greater Boston YMCA.

Allegations have been made to the Department of Youth Services which charge that you had performed or attempted homosexual acts with a youth who had been in your room. Our investigation into this charge failed to substantiate beyond reasonable doubt that such acts took place. However, the fact that youths from the Challenge Program had, in fact, been in your room on several occasions leaves both yourself and the Challenge Program open to further charges. Therefore, in order to prevent such potentially damaging charges, both to yourself and to the Challenge Program, you are being laid off effective June 20, 1975.

Your loss to the Challenge Program will not go unnoticed. Your performance has been good and you have been a reliable staff member. I wish you well in your future endeavors.

Letter to Len Avery, Dept. of Youth Services, Office of Investigations, Boston, Ma., from William L. Wimberly, June 23, 1975. William Wimberly's letter includes a summary of interviews with the counselors and residents of the Challenge Program. None of them said that Godfrey had made sexual advances to any of the residents.

All visits to counselors' rooms, apartments, or homes were immediately prohibited, and an investigation undertaken to determine whether any resident had been approached sexually at any time. I have decided to ask Randy to resign for the benefit of the program, although our investigation did not prove without a shadow of a doubt that he had performed or attempted to entice anyone to commit any homosexual acts. We feel that to allow Randy to continue with the program would be detrimental to the spirit and credibility of the program.

TWO STRAIGHT SINGLES DISCRIMINATED AGAINST IN HOUSING

Boston Globe, Boston, MA., editorial, December 16, 1974, entitled "Snobbing It up in Wayland."

The (zoning) issue is causing some heat in Wayland because the tight legal issue of what constitutes "family" in the zoning by-laws is being subverted by the fears of some residents that anything but strict "blood-relation" interpretation of the by-laws would invite homosexual couples to Wayland, a spectre which some residents view with alarm and have said so publicly.

Unfortunately, they (zoning laws) have also been used to exclude people for *social or political reasons*, which is not their legitimate purpose.

2 WACS TO FIGHT HOMOSEXUAL DISCHARGES

By Viola Osgood, *Boston Globe* staff, June 11, 1976.

Two women soldiers at Ft. Devens, facing probable Army discharges after voluntary confessions of homosexuality, said yesterday that they are willing to go as high as the U.S. Supreme Court in their efforts to remain in the military.

Pfc. Barbara Randolph, 22, of Indiana, and Private Deborah Watson, 20, of Texas, said they turned themselves in to the Army last April 7 because "other women were being threatened with dishonorable discharges for homosexuality" and because they were "tired of living double lives."

CANDIDATE FOR FIREMAN REJECTED.

Playboy (Forum)

Truth and Consequences

CHICAGO — The American Civil Liberties Union has filed a Federal suit on behalf of a 28-year-old man who was refused a job as a fireman in suburban Elk Grove Village because of one teenage homosexual experience. The applicant, who is married and has two children, and who scored in the top six percent of the civil-service examination, disclosed the incident during a pre-employment lie-detector test. The suit argues that this was "a constitutionally impermissible basis for denying public employment, in violation of the due-process and equal-protection clauses of the 14th Amendment."

POLICE RECRUIT DISMISSED IN BOSTON.

Hours before he was to become a permanent policeman, Ronald Grant was fired for "being in the company of a known homosexual." The Boston Patrolman's Association is suing to recover Grant's job. (*Globe*, Nov. 11, 1974)

GAY ACTIVIST FIRED IN LYNN.

Robert Dow, former president of the Homophile Union of Boston, was fired from his job as electrician at J. J. Neissens Baking Corporation in Lynn, Mass. in 1973 shortly after his appearance on television as a result of hearings on gay bills before the Commerce and Labor Committee in the same year. His position was shortly afterwards filled by another person. He collected \$3237 in unemployment compensation from the Commonwealth of Massachusetts.

BOOKKEEPER FORCED TO RESIGN IN WORCESTER.

An assistant bookkeeper for a Worcester, Mass. firm resigned in 1973 under threat of dismissal after her supervisor discovered that she was a lesbian. Just prior to this she had received compliments on her work and a raise.

MASS. MENTAL DENIES JOB.

John Kyper, a resident of Dorchester, Mass., was told in 1972 that he was not hireable as a psychiatric aide at the Massachusetts Mental Health Center because, as head nurse Mary Finn put it, as a homosexual he was "not suitable to work with young people."

WAITRESSES LAID OFF IN SOUTH WEYMOUTH.

Two women working together in a restaurant in South Weymouth, Mass. were laid off in 1969 without explanation and more waitresses were hired within a month, even though the first two were waiting for work. They later heard town gossip that made it clear that the owner of the restaurant had come to suspect, just before their lay-off, that they were a lesbian couple.

Dear Representative Noble,

Thanks for sending along the "Round Robin," eloquent statement of your views on homosexuality within the armed services and the government's response to same. I share your view.

Unless and until it can be established that the personal and private "life-style" of such members of the Armed Services interferes with their ability to do their job competently and loyally, the present policy is benighted, self-defeating and *not* in the best interests of the United States of America.

I shall communicate that in a letter to the Secretary of the Army. And I shall argue that proposition with all the eloquence I can muster.

"I have long believed that the Constitution of this country mandates equal treatment for all, regardless of race, religion, sex *or* sexual preference. A person's sexual preference obviously has no bearing on his or her abilities or needs as a functioning member of society. Sexual preference is a matter of wholly personal concern and should be left to the individual. Unfortunately, not all legislators agree with me and the laws in Massachusetts are seriously outmoded and often discriminatory. Voting alone has not previously deterred me from voting my mind, nor would it in this case. I would certainly support legislation to expand and secure protection of and for homosexuals."

Dear David:

February 6, 1975

Thank you for taking the time to write to me regarding my position on gay rights.

The legislature will, during the 1975 session, consider two categories of bills which have been of interest to various homosexual organizations. The first would repeal this state's laws regulating sexual conduct and banning certain acts. The second would add the phrase "sexual preference" to the list of criteria on which it is illegal to discriminate.

I have indicated to the sponsors of this legislation that I will sign these bills if they reach my desk. I do not believe that the Commonwealth, with its pressing law enforcement problems, should be in the business of regulating private conduct between adults as long as that conduct harms no one. And I cannot condone discrimination on the basis of sexual preference any more than discrimination based on race, religion, age, sex, or national origin.

I appreciate your interest in this matter.

Dear David:

"I certainly share your belief that H.R.5452, if enacted into law, would help to combat such obvious ignorance, bigotry and injustice.

This legislation is long overdue. With an estimated 20 to 30 million homosexuals in this country, the importance of preventing continuation of the discrimination to which gay people traditionally have been subjected can no longer be ignored. And even if homosexuals were only a small minority, the issues, in my opinion, would be the same.

Those issues are the right of the individual to privacy, the right of a person to choose his or her own sexual orientation, and the freedom for consenting individuals to engage in private affectional relationships of their own preference.

Equal protection under law and respect for the rights of the individual are fundamental principles of our Constitution. Yet too many of our fellow citizens still suffer the effects of prejudice and discrimination because of their sexual or affectional preference."

Yours Sincerely

Michael J. Harrington

Statement on gay rights
legislation in a letter to The
Homophile Union of Boston
dated September 18, 1974.

I believe you will find my overall position to be in agreement with that of your organization; that discrimination against individuals, whether through stigmatizing law, institutionalized prejudice, or unfair employment, housing, and other practices is wrong and should be eliminated by law.

Specifically, I support amendments to Chapter 151B, Section 4 and Chapter 272, Section 98 to expand prohibition of discrimination in employment, union membership, housing or public accommodations, insurance, etc. on the basis of not only race, color, creed, national origin,

or ancestry, sex, and age, but also "sexual preference." Further, I support repeal of Chapter 272, Sections 34 and 35 which wrongfully attempt to dictate intimate and private behavior of consenting adults. I strongly believe, in this matter as well as many others, there is a private sphere of individual behavior which it is not appropriate or practical for the state to attempt to regulate.

If I had to sum up my position in a sentence I would simply hold that the rights and opportunities of all members of our society are diminished if the rights and opportunities of any individual or segment of society is unfairly diminished.

Thank you for your recent letter concerning H.R.5452, legislation prohibiting discrimination on the basis of affectional or sexual preferences. I read your letter with great interest and I appreciate your taking the time to write.

Discrimination at any level for such arbitrary reasons is, at best, medieval, and certainly has no place in our laws. I intend to vote in favor of this legislation when it comes to the floor of the House.

Again, thank you for writing and please do not hesitate to contact me if I can be of further assistance.

Statement on Homosexuality

The American Orthopsychiatric Association urges the end of repressive laws and regulations that interfere with the rights of homosexuals to live in our society. As a national membership association which embraces a variety of professional disciplines in the mental health field, we find no consistent body of scientific evidence to support the concept that homosexuals are necessarily harmful to others or incapable of responsible functioning. Laws, regulations, and prejudices that militate against

individuals whose sexual preferences differ from those of the majority are essentially expressions of a moral judgment.

Sexual acts conducted in private by consenting adults consequently should not be subject to sanctions, legal or moral. They should in no way influence decisions as to the suitability of such persons for employment, housing, recreation, or any other human endeavor.

Social statement adopted by the
Fifth Biennial Convention
Minneapolis, Minnesota
June 25-July 2, 1970

Scientific research has not been able to provide conclusive evidence regarding the causes of homosexuality. Nevertheless, homosexuality is viewed biblically as a departure from the heterosexual structure of God's creation. Persons who engage in homosexual behavior are sinners only as are all other persons — alienated from God and neighbor. However, they are often the special and undeserving victims of prejudice and discrimination in law, law enforcement, cultural mores, and congregational life. In relation to this area of concern, the sexual behavior of freely consenting adults in private is not an appropriate subject for legislation or police action. It is essential to see such persons as entitled to understanding and justice in church and community.

Unanimous decision

...We thus have limited the scope of (Chapter 272) Section 35 to sexual conduct which virtually all members of the community have regarded as offensive. This is, of course, a standard which may change with the passage of time. In the years since the *Jaquith* case (1954), a new factor has appeared with the articulation of the constitutional right of an individual to be free from government regulation of certain sex-related activities.

In light of these changes and in light of our own awareness that community values on the subject of permissible sexual conduct no longer are as monolithic as the *Jaquith* case suggested they were in 1954, we conclude that Section 35 must be construed to be inapplicable to private, consensual conduct of adults.

E-5. Nondiscriminatory Personnel Policies

The National Education Association believes that personnel policies and practices must guarantee that no person be employed, retained, paid, dismissed, or demoted because of race, color, national origin, religious beliefs, residence, political activities, professional association activity, age, marital status, family relationship, sex, or *sexual orientation*.

Whereas, a significant minority in the country is homosexual in orientation and/or behavior; and

Whereas, gay persons have been the target of severe discrimination by society and in particular by the legal branch and other arms of government; and

Whereas, present laws and governmental practices regarding employment and prosecution of homosexuals are based on certain assumptions about the nature of homosexuality in general and the danger of homosexuals in particular; and

Whereas, a number of gay persons having children of their own, or involved in the education of children, are many times denied the opportunity to raise and educate these children, because they are homosexual in orientation, in spite of their parental or professional abilities;

Be it resolved that the National Federation of Priests' Councils hereby declares its opposition to all civil laws which make consensual homosexual acts between adults a crime and thus urges their repeal; and

Be it further resolved that the N.F.P.C. also expresses its opposition to homosexuality as such being the basis of discrimination against homosexuals in employment, governmental service, housing, and child-rearing involving natural or adoptive parents.

The Vatican daily, *Osservatore Romano*, yesterday expanded on a papal document dealing with homosexuality, saying such acts may on occasion not be sinful because of the psychological and physical factors of the participants.

It urged the churchmen to adapt general rules to individual cases.

Osservatore said homosexuals were suffering from "discrimination which is unjust except for some reservations — unjust because homosexuals often have a richer personality than those who discriminate against them." The paper did not elaborate.

Osservatore said the Vatican document of two weeks ago "was aimed not at men — and in particular, young people — who experience drama and tensions in their sexuality, but at the theories that reduce sexuality to mere playing, limiting playing, with physical love."

Letter to the Editor
Rev. R. W., Springfield
October 24, 1975

The gays that I minister to here in Springfield are neither lustful, nor unrighteous or any of the other adjectives which have been so irresponsibly tossed around. I truly believe that if one is in touch with and submissive to the Holy Spirit's directing, one would not be inclined to waste time in disobedience to Christ by passing judgment on other children of God. As ministers of Christ, our duty is and should be to spread the Gospel of our Lord only, not impose our personal opinions upon others.

Editorial, September 27, 1975
entitled "Reluctant Hero"

Resentment of homosexuality runs deep in this country. If one needs proof of that, one has only to read the letters to the editor in the current issue of *Time* magazine, responding to its cover story on Leonard Matlovich, the recently discharged homosexual Air Force Sergeant.

It's difficult to imagine that kind of thinking being turned around. But when more and more homosexuals publicly acknowledge their preference — as Matlovich has done and as Oliver Sipple (the man who grabbed Sara Moore's gun) has, so thanklessly, been forced to do — public opinion will change. When that day comes, the sexual orientation of a man who saves a President's life will be about as newsworthy as his hat size.

...On two other matters the branches still have a chance to reverse actions that killed worthwhile measures. I favor the equal rights amendments but wish it went further, and forbade legal discrimination on the basis of sexual preference too. Homosexuals encounter some form of discrimination almost daily. They have trouble finding jobs and places to live. For years the federal government barred homosexuals from Civil Service and Foreign Service jobs for security reasons. The federal government is now in the process of changing those guidelines.

Since the emergence of Gay Liberation, homosexuals have been fighting legal battles to gain their civil rights. Here in Massachusetts several pieces of legislation have been filed to prohibit discrimination on the basis of sexual preference.

WEEI does not feel the legislature should make a moral judgment about homosexuality. Every American is guaranteed certain rights under

the Constitution...without exception. We urge passage of Senate Bill 272, making it unlawful to discriminate on the basis of sexual preference.

The issue is not whether homosexuality is right or wrong, but whether a minority should have the same legal protection as other citizens. They do not enjoy that protection now. Gay men and women are discriminated into dissembling, suffering cruel consequences when they admit their sexual preference. It's time the lawmakers extended equal protection to this much discriminated-against minority.

In the neighboring dioceses of New York City, (the Archdiocese of New York, taking in Manhattan, the Bronx and Staten Island, and the Diocese of Brooklyn, including that borough and Queens), some claiming to speak in the name of Christ and His Church have violently opposed legislation which would, if enacted, recognize that people who happen to be homosexual have the civil rights as other people.

While it is hardly our place to comment on the merits of this particular legislative proposal, we can do nothing other than applaud its principle: to categorically exclude some members of society from housing or employment opportunity simply because they are homosexual is just as

unconstitutional and unChristian as to exclude them from such human opportunities because of their race, national origin, or religion.

We do not condone homosexual acts, but neither do we condemn those persons who happen to be homosexuals and who as human beings are entitled to employment, shelter, and other basic rights. And we do, in charity and justice, feel compelled to support recognition of these rights.

New York Times
New York, N.Y.

July 16, 1976
Editorial entitled "Shedding Blinders"

The United States Civil Service Commission has struck an important blow against the glacier of bias that imprisons the vast majority of homosexuals in America. It issued new guidelines — affecting the great bulk of Federal civilian employment — which forbid employment discrimination "solely on the basis of homosexual conduct," and require that there is no differentiation in treatment between homosexuals and heterosexuals.

The new guidelines still carry a bit of baggage of old taboos by exempting the Central Intelligence Agency and the Federal Bureau of Investigation. Homosexuals are alleged to have both a lesser capacity to withstand stress and a greater vulnerability to blackmail and are thus unsuited for sensitive positions or work in sensitive agencies. The American Psychiatric Association demolished the stress theory in a resolution passed in 1973 which reads in part: "Homosexuality per se implies no impairment of judgment, stability, reliability, or general social or vocational capabilities..." The blackmail theory does not withstand scrutiny. Blackmail of homosexuals has been a possibility only because of formal or informal employment practices discriminating against them but, even so, most successful blackmail attempts have involved heterosexual activity.

Whatever the shortcomings, the Civil Service Commission ruling is an enormously constructive step. Its greatest impact is apt to be the influence on other public and private employers across the nation.

Locke's vote on anti-
discrimination measure.

Mr. Locke's vote doesn't seem very consistent with the spirit of the law in this country now.

It is accepted, and enforced, that only the ability to accomplish a job is legitimate criteria as to whether to hire someone to attempt the job. In decisions on racial and religious minorities, as well as women, the nation's courts have ruled this, just as the country's lawmakers, more often than not, have voted with the same intent.

The vote against the bill on homosexuals, in consequence, smacks of reactionary politics and is surprising. A yes vote wouldn't have condoned homosexuality. A no vote, though, condones harassment of homosexuals.

entitled "Morality Laws."

Last year, the Massachusetts Legislature laughed away a bill to repeal various state laws concerning sexual matters. The measure was labeled a "gay rights" bill and the lawmakers evidently found matters pertaining to homosexuals to be highly amusing. Had anyone bothered to give the matter serious attention, he would have learned the laws being challenged are a gross invasion of the privacy of all citizens of all sexual preferences.

A serious error has been made in restricting the issue to gay rights. This aspect has been given additional emphasis, in fact, by companion measures to outlaw discrimination on the basis of sexual preference. While persecution of homosexuals is unconscionable, most people would consider homosexual behavior abnormal, and prolonged debate over sexual deviation will only obscure the more fundamental issue.

Milton Shapp... "As Governor of Pennsylvania, I have issued an executive order forbidding discrimination in hiring for state employment on the basis of homosexuality. The Legislature responded with a bill, that, in essence, revoked my order, and this was promptly vetoed... Since I have long been dedicated to the realization of individual freedoms and rights, I would support the inclusion of gay and other civil rights provisions in the party platform... As Commander-in-Chief of the Armed Forces of the United States, I would order the reinstatement of any service man or woman dismissed solely on the basis of homosexuality and would order that discrimination in opportunities for military advancement be ended."

GCN, Feb. 21, 1976

Fred Harris

Harris is one of a very few presidential candidates who has put his position on gay rights in almost all of his campaign literature: "I am against discrimination on the basis of sex and lifestyle. And I believe the government should not discriminate on the basis of sexual preference." He continues, "We must eliminate those government intrusions into our private lives which are neither warranted by the results nor justified by the goals they're supposed to achieve. The government has enough to do without involving itself in the private sexual acts of its citizens, homosexual or otherwise."

R. Sargent Shriver

He states, "It is a contradiction in terms to limit basic civil liberties to particular classes of people. Sexual and affectional preferences are matters of personal choice. I oppose legal discrimination based on other arbitrary criteria. We must not allow a segment of our population to be discriminated against in employment, housing, and other matters merely because their sexual practices differ from the majority's. Rather than interfering in the private lives of its citizens, the government ought to do what it can to maximize opportunities for all Americans to develop their talents. And that means, at a minimum, an end to all forms of discrimination."

HOW TO USE THIS BOOK

This directory lists elementary and secondary schools in Massachusetts. The school systems are divided into sections according to their organization and administration; to find the address, telephone number or other information on a school first determine which section it is listed under by referring to the descriptions below.

LOCAL PUBLIC SCHOOLS (SYSTEMS 001-351)

These schools are administered by a city or town school committee, and expenses are paid by the local city or town. Any student who lives within the city or town may attend free of charge; other students are charged tuition, which in most cases is paid by city or town of residence.

The cities and towns are arranged in alphabetical order, from Abington to Yarmouth. Under the name of the town are listed the local public schools: first elementary, then middle or junior high schools, then senior high schools, and finally vocational schools, if any. If the town is a member of an academic or vocational regional school district, notations like those below will appear:

998 MEMBER REGIONAL 7-12 SEE 600 means "This town is a member of regional system 600, covering grades 7 through 12."

999 MEMBER VOCATIONAL REGION 9-14 SEE 801 means "This town is a member of vocational region 801, covering grades 9 through 14."

Certain towns tuition all students in a particular grade span into another school system. When this happens a notation will appear:

997 TUITIONED OUT 10-12 SEE 201 means "This town tuitions students in grades 10 through 12 into system 201."

A "school union" is a group of school systems all of which are administered by the same superintendent. If a town belongs to a union, a notation will appear:

996 MEMBER UNION 42 means "This town is a member of School Union 42."

If the words NON-OP appear after the name of a town, this means the town does not operate any schools (for example, ADAMS NON OP). Such a town either belongs to a regional school district or tuitions out all its students; further notations will specify which.

STATE SCHOOLS (SYSTEMS 355-375)

The Experimental School is administered by a director appointed by the Board of Education, in conjunction with parents and community leaders. Expenses are paid by state appropriation; students accepted into a program are not charged tuition.

The Institutional Schools are administered by the Massachusetts Department of Education, Division of Special Education. Expenses are paid by state appropriation; students accepted into a program are not charged tuition.

The Community Clinical Nursery Schools are administered by the Department of Mental Health. Each of seven regions is administered by a Head Teacher; they report to a Principal who has statewide responsibility. Students admitted are not charged tuition; expenses are paid by state appropriation.

INDEPENDENT VOCATIONAL SCHOOLS (SYSTEMS 405-408)

These schools are each administered by a board of trustees; expenses are paid by the city in which the school is located. Students who live within the city attend free of charge; others are charged tuition, which in most cases is paid by their town of residence.

These schools are listed alphabetically by the city of location.

ACADEMIC REGIONAL SCHOOLS (SYSTEMS 600-780)

These schools are administered by regional school committees; expenses are divided among member cities and towns by pre-arranged agreement. Students who live in member communities attend free of charge; others are charged tuition, which in most cases is paid by their city or town of residence.

Three of the systems run vocational high schools in addition to regular academic high schools. Most of the other systems offer both academic and vocational programs, as opposed to the schools in the next section, which offer only vocational programs.

These systems are listed alphabetically by the name of the regional system; within each system administrators and schools are listed in the same manner as for local public schools.

VOCATIONAL-TECHNICAL REGIONAL SCHOOLS (SYSTEMS 801-885)

These schools are administered by regional vocational-technical school committees; expenses are divided among member cities and towns by pre-arranged agreement. Students who live in member communities attend free of charge in numbers up to a pre-arranged quota. Students from non-member communities are charged tuition, which in most cases is paid by their city or town of residence.

These systems are listed alphabetically in the same manner as the academic regional school districts.

COUNTY AGRICULTURAL SCHOOLS (SYSTEMS 910-915)

These schools are each administered by a board of trustees; expenses are paid from county tax assessments. Students who live within the county attend free of charge; others are charged tuition, which in most cases is paid by their town of residence.

NON-PUBLIC SCHOOLS (SYSTEMS 001-351)

This category includes both parochial and private schools; administration and tuition vary widely. Only schools with enrollment at the kindergarten level and above are included in this section; private nursery schools are not included unless they enroll some kindergarten students.

The cities and towns are listed in alphabetical order, as for local public schools. If no schools are listed, that means there are no private schools located in that town. Because private schools do not have system superintendents, there is no name or address on the top line of the towns in this section.

EDUCATIONAL COLLABORATIVES

An educational collaborative consists of a group of school systems which form an agreement to provide educational programs for children in the member systems. Those listed in this section have been approved by the Commissioner of Education under the provisions of Chapter 40, Section 4E of the General Laws. Each is governed by a board consisting of a representative from each of the member school committees and includes one member from the Massachusetts Department of Education. The treasurer of one member city or town serves as treasurer of the collaborative. Expenses are paid by the member school systems.

Services provided vary among collaboratives, but in general they are offered free of charge to students living in the member cities and towns, with children from other towns paying tuition. Many offer services to children with low-incidence special needs.

DIRECTORY FORMAT

Code numbers are assigned to each system and to each school within the system. They system code is the three-digit number on the top line of each school system, to the left of the name of the system. (For example, see page 2: Abington is 001, Acton is 002, etc.) Each school is also assigned a number, which appears just to the left of the name of the school. (For example, Abington's Center School is 005.) To refer to a particular school, use both the system and school codes (for example, 001-005 for the Center School).

Each page of the directory has eleven columns, as follows:

No.	System or school code, as described above.
System or School	The name of the school system (top line), administrators' titles, names of schools, and notations about regional school districts.
GRDS	The gradespan of the system or school. "N" stands for nursery, "K" for kindergarten, "UG" for ungraded, and "SP" for special school.
Boys	Number of boys enrolled in the system or school as of October 1 of 1975. The top line shows the total enrollment in the school system; subsequent lines show enrollment school by school.
Girls	Number of girls enrolled.
Total	Total enrollment.
Supt. or Principal	The top line of each system shows the name of the superintendent of schools; subsequent lines may list other administrators; then the principal of each school is listed.
Address, Town of Location, and Zip	The mailing address of the school or administrator. The top line of each system is the address of the superintendent of schools.
Phone	Telephone number of the school or administrator. Numbers in Area Code 413 are preceded by an asterisk (*); all others are in Area Code 617.

Dear Marge,

I'd looked forward to seeing you at our meeting tonight & am sorry I missed you. I (and the rest of us) hope you are still willing to type up the list of Schools. If so, here it is. If not, please call Dave Peterson (I'll be out of town). I'm also enclosing a form for the label format.** Please address them as:

Counselling Department
Abc School
Xyztown etc.

That way they will most likely (we think) get to the appropriate individual(s) at the (Abc) school.

To avoid overdoing it, just type the ones within Route 128.* That should come out to about 300 or so schools. I shudder to think of the case of typist's cramp you've volunteered for.

Many many thanks. When you've finished, please mail the labels to Steve Draft, 48 Magazine St., Cambridge 02138 phone 868-5649. Can you do it by Columbus Day??

Fond. Regards

Tom

*Blue marks.

**type the addresses on regular paper, for Xeroxing onto labels.
